### **Federal Railroad Administration**

### **Petition for Waiver of Compliance**

### **[Docket Number FRA-2019-0032]**

Under part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that on April 2, 2019, Spark Training Solutions (XSPK), petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 243, Training, Qualification, and Oversight for Safety-Related Railroad Employees. FRA assigned the petition Docket Number FRA-2019-0032.

XSPK is a Training Organization/Learning Institution and is a small business which uses a third-party vendor to provide Learning Management System service for itself and its clients. XSPK states it has not been able to find any affordable software or vendor with the ability to provide on-demand reporting of changes to training records as required by § 243.203(e)(3). XSPK proposes an alternate solution that it contends effectively provides an equivalent level of security of amended training records required by the regulation.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov) and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey
